**Take Your Own Line.** This competition takes place over a course of about ten obstacles scored under Table 2 or 3 as stated in the prize list. After crossing the start line, the competitor must jump each obstacle in either direction, in any order and cross the finish line.

a. If a competitor incurs a refusal, he may proceed to another obstacle. However, if the standard or flag is knocked down or displaced, the judge gives an audible signal, the clock is stopped and four seconds added. The competitor then must return to position from which, in the opinion of the judge, he may re-jump the obstacle dislodged. Upon signal to proceed, the competitor may continue his round, re-attempting the obstacle refused or any other obstacle on the course not previously jumped.

b. A first refusal is penalized only by time. The second refusal incurs elimination.

**Rotating Pair Relay.** This competition is for teams of two. A horse can only compete once in this class, but a rider may compete on more than one horse. The entire course must be jumped twice in the correct order by either competitor. The competitor who crosses the start line must jump the first obstacle and the competitor who jumps the last obstacle must cross the finish line.

a. One change is mandatory. Competitors may change over as often as they wish. A change is obligatory whenever a fault is incurred. A fault is indicated by an audible signal at which time the other competitor continues the course from the next obstacle. In the event of disobedience, the other competitor must first jump the obstacle which has not been jumped by his partner and then continue the course.

b. Faults incurred are penalized by adding four seconds for each occurrence to the time of the round. The first two disobediences are penalized only by time, the third disobedience incurs elimination. Should a competitor jump an obstacle before his partner has landed over preceding obstacle, the pair will be eliminated.

c. The fastest overall time wins. In case of a tie for first place only, there will be a compulsory jump-off over a shortened course.
